LAST SUNDAY at New Vision

Last Sunday we were reminded of how David, the shepherd, became King David. Though David spent many years to become king, the journey to that point, though filled with trials was always affirmed with God's blessings. David felt a strong call to lead and protect his people and while at times he fell short he always remained true to the God that called him from tending the sheep. He knew the importance of doing God's will, seeking God's guidance and acting with the strength that God blessed him with.

As the sheep knows the voice of their shepherd, we must be called to action by seeking His word and being His hands in the world around us!
